

ROUNDUP READY CANOLA GROWER LOGBOOK

Season

Grower name

Trading entity

Farm name

Paddock name

TSP

Planting declaration number

To facilitate good record keeping practices, growers must use this Roundup Ready canola grower logbook OR other record keeping systems that maintain records as described below.

These records will be referenced for a sample of growers by Technology Service Providers to form the basis of the Resistance Management Survey.

Pre-planting actions

Glyphosate usage prior to sowing

(list dates and rates of applications - Include all applications post harvest of the previous crop).

Non-glyphosate harvest

(previous season) and pre-sowing control practices implemented (eg. Cultivation, Herbicide group L)

(list dates and rates of applications and alternative cultural weed control practices)

Crop planted in previous season

(include sowing date and variety)

Intended weed control management

strategies to be implemented post harvest and year following Roundup Ready canola

ROUNDUP READY CANOLA GROWER LOGBOOK

In - crop activities

Target weeds

Roundup Ready herbicide applications used in crop (number and dates)

Other post-emergent herbicides used (products, dates and rates)

Weed control rating at 14-28 days after last Roundup Ready Herbicide application.

Excellent - >95%

Good – 90 – 95%

Average – 80 – 89%

Poor - <80%

Any surviving weeds at 14-28 days after last Roundup Ready herbicide application. – if so, comment on reason for survival

Weed control rating at harvest

Excellent - >95%

Good – 90 – 95%

Average – 80 – 89%

Poor - <80%

Harvest and stubble management activities

Post - harvest activities

Crop planted in season after Roundup Ready canola

Glyphosate usage prior to sowing next crop (list dates and rates of applications)

Include post – harvest applications

Non-glyphosate pre-sowing control practices implemented (eg. Cultivation, herbicide group L, list dates and rates of applications and alternative cultural weed control practices)

In crop weed control practices implemented in year following Roundup Ready canola (list dates and rates of applications)

Were Roundup Ready canola volunteers controlled?
